PLANS

A site plan must be included with your application. Check each box to confirm it is on the plans:
(One copy of each plan or drawing is to be submitted. Additional copies must be provided if requested by the SVCA).

- 1. Property dimensions.
- 2. Nearest streets, roadways, laneways etc.
- 3. Watercourses or waterbodies on and near the property and showing direction of flow.
- 4. Existing buildings and structures and distance to lot lines, centre of road, watercourse etc.
- 5. Proposed watercourse project and dimensions.
- 6. Septic bed including mantle area (if applicable).
- 7. North arrow.
- 8. Other relevant site features.

Drawings showing both cross-section and details of the project should also be included where applicable.

IMPORTANT INFORMATION

- No work can be carried out until a permit is issued by the SVCA and all other necessary approvals are obtained.
- A non-refundable Application Review Fee must be paid when the application is submitted to the SVCA office. Several methods of payment are accepted. Cheques may be made payable to “Saugeen Valley Conservation Authority”.
- The applicant is responsible for obtaining any other agency, government or municipal approvals as may be required.
- The information obtained on this application is a public record collected under the authority of the *Conservation Authorities Act* and is accessible upon request in accordance with the *Freedom of Information and Protection of Privacy Act*.

DECLARATION

Read Carefully Before Signing

- I declare the information in this application to be true;
- I agree to allow authorized representatives of the SVCA to enter onto the property to review this application;
- I recognize and accept that the information in this application is a public record and some or all of it may be released; and
- I understand that the payment of the fee does not guarantee permission from the SVCA.
