

Saugeen Bluffs Equestrian Trails

Updated July 18, 2016

Trail Guidelines for Equestrians

- ✓ Be considerate of nature and avoid causing erosion. Always step over water breaks. Tread gently when trails are wet.
- ✓ Be sure you can control your horse and it has been exposed to other trail recreational uses before riding on shared-use trails.
- ✓ Be alert and aware of the presence of other trail enthusiasts.
- ✓ When passing other trail users, announce your intention and pass on the left at a safe speed.
- ✓ At trailheads or staging areas, park vehicles and secure horses in a manner that provides a safe distance between the horses and passing traffic.
- ✓ Be prepared to let other trail enthusiasts know what needs to be done to keep you, the horse and other trail enthusiasts safe when you meet on the trail.
- ✓ Less experienced horses and riders should ride behind more “trail-wise” horses and riders. A horse that kicks should have a red ribbon in its tail and a green horse should have a green ribbon.
- ✓ Be sure to clean up all manure, hay etc. from the parking area and areas used by others. Carry your trash home with you.

Guidelines for Other Trail Users

- ✓ When encountering horses on the trail, hikers and bike riders yield to horses, step to the downhill side of the trail. Speak to the rider and horse in a friendly, relaxed tone.
- ✓ Keep pets under control.

Give Back to Your Trails

Because of the extent of the trail system, it is difficult for park staff to maintain. Please do not litter. If you encounter obstructions on the trail, dismount and remove debris. If the obstruction is too large, report it to park staff.

Consider becoming a sponsor. Ask for a Sponsor Form at the Gatehouse.
