Once a year, during the last Sunday in June, the Foundation hosts a ***Memorial Grove Ceremony*** to honour all those within the past year who have been involved with the program as well as their families. Those who contribute to the program, for example, between January and December of a given year will be invited to the ceremony the following June.

Please note that individual trees are not identified with individual's names. Permanent records are kept, however, at the main office in Formosa in a bound book.

The book can be viewed at any time during regular business hours (8:30am to 4:30pm). A permanent plaque has been erected at the main Memorial Grove at Sulphur Spring Conservation Area. Please feel free to visit the kiosk at any time. It includes all the names of the deceased, from all the groves and forests across the watershed.
